Understanding & Living with Nature
Premium Course

Mission statement

Are you taken by the awe of nature and wish to understand more about it? Perhaps work with it? Or become a trained lightworker? Don't look further! Your mission – if you choose

to accept it – is to learn the roles of the 4 elements, the power of nature, the differences between souls & entities, cycles of life, talking to trees, learn to release the message in a stone, learn to dowse, work with crystals, meet your spirit guides and discover your path as a lightworker within 8 weeks or less, so that you would be able to teach others, form groups to help the planet or educate children.
